If the customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
- B. For calculating credit allowances, every month is considered to have 30 days. - a. The Customer must provide the proper signaling information (e.g., originating Calling Party Number (CPN) (a/k/a Automatic Number Identification (ANI), destination called party number, Originating Line Information Parameter ("OLIP") on calls to 8XX telephone numbers, calling party category, charge number, Automatic Location Identification (ALI), etc.) for all calls. To the extent that failure to provide ANI or other signaling information leads to increased charges from third parties to the Company as a result of the Company Obligations, the Company may recover all such increased charges, as well as the Company's reasonable costs associated with defending against and/or administering such increased charges, from the Customer. If for two months in any twelve month period the Customer sends calls to the Company lacking required signaling information in excess of 5% of all calls during such months, the Company may terminate LIS to the Customer immediately with no liability from the Company to the Customer for such termination.
- b. The Customer shall input, validate and maintain accurate Subscriber information so that the Company can provide such Customer-provided information to applicable national databases, including but not limited to, Automatic Local Identification (ALI) Database, Directory Listing information, Line Information Database (LIDB) and Caller ID with NAME Database (CNAM). The Customer shall deliver to the Company valid postal addresses that can be confirmed against the Master Street Address Guide ("MSAG").
- c. The Customer shall not: (1) re-classify or re-originate traffic or take any other action to make traffic appear as if it: (i) is anything other than the type of traffic delivered to such party (including but not limited to making TDM originated traffic appear to be IP originated) or (ii) originated from a place or on a type of equipment different from the place or type of equipment from where it, in fact, originated; or (2) modify, alter or delete in any manner calling party number information, originating point codes or any other signaling information, or call detail in connection with the transport and termination of traffic to the called party.

7.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

7.1.4. USE OF SERVICE (CONT'D)

- d. Based on the Company Obligations, LIS service is limited to Subscribers physically located in areas served by the Company within the states/locations identified in Section 7.1.11. The Customer shall in all cases assign telephone numbers to Subscribers based on the Subscribers' locations and fully in accordance with NANPA guidelines associating NPA-NXX codes with particular exchange areas. LIS under this Tariff is not to be used with any "virtual numbering" or foreign-exchange-like arrangements. Any such arrangements must be separately identified and negotiated between the Company and the Customer and will be established, if at all, only on an "individual case basis."
- e. The Company and the Customer will conduct interoperability testing prior to the Customer's implementing any software or call flow upgrade, enhancement or modification thereto. All special configurations are subject to the Company's approval. The Company may terminate (without liability) LIS where proper interoperability testing has not been completed.

7.1.5 TERM AND TERMINATION

- A. LIS is available for an initial term ("Term") of three years following execution of a contract or service order between the Company and the Customer effectuating the provisions of this Tariff, unless earlier terminated as provided herein. The Customer will provide notice of its intent to renew at least 90 days prior to expiration of the Term.
- B. In the event of early termination of service by the Customer before the expiration of the Term, the Company may assess a termination liability equal to 100% of all monthly recurring rates multiplied by the number of months left in the contract. Such early termination charges do not constitute a penalty under this Tariff but are assessed in order for the Company to fully recover costs associated with providing LIS.

7.1.7 LOCAL NUMBER PORTABILITY

- A. Porting In. As between the Company and the Customer, the Customer may act as the Company's agent in obtaining Subscriber requests to port a telephone number from a third party telecommunications provider to the Company so that the Customer may provide interconnected VoIP service to the Subscriber using that ported number.
